To-night's Fight.

The principles in to-night's fight will be in the ring ready for business at 9 o'clock. Both are in fine condition and each confident of winning. The general belief, however, is that Brannan will meet his Waterloo, as the man sent here is heavily backed in San Francisco, where he is known and is a tricky shift fighter, who can stand an endless amount of hard punishment. Prior to the fight, the man who has been doing the Indian box trick about town, will give a thorough expose of the trick from the stage.

Kelly and Robinson signed articles last night for a finish fight in the near future.
